

# Welcome to: “CRAFTING WITH THE DREAM BROKER KIDS”

Right now, Dream Broker students are creating various beading projects! Lanyards, pop sockets & earrings! Here are some photos from the lanyard project we've been working on. If you'd like to do the same you'll need these items:

- Metal key ring
- Rope for beads to wrap around
- Beading needle
- Seed beads (3 different colours)
- Fireline thread
- A STEADY HAND
- Band aids (you will poke yourself)
- Faux leather cut into a small square

Please let Antje know if you're interested in trying these out for yourself! She can provide an instruction package. Just email [rwdscr.yc@sasktel.net](mailto:rwdscr.yc@sasktel.net)
